

Online Coaxial HD-CVI/TVI/AHD/CVBS Surge Protection Device

ITEM NO.: SP016HD 16 Channel HD-TVI/AHD/HDCVI/CVBS Surge Protection for DVR in 1U Rack Mounting Panel

Application for protects equipment from high voltage surges such as lightning strikes. UL grounding requirements for coaxial cable offer protection from hazardous voltages that may occur on the shielding. Because of the physical length of ground wires, UL grounding systems may appear as an open circuit to lightning caused, high frequency surges and provide no protection from these surges getting into a home and destroying CATV converters, TV sets, VCR, Camera etc
