

# WPS-QPM01

## Hyshare Wireless Presentation System

Hyshare is a high-performance Wireless Presentation System. It is the mainstream model of the Hyshare product family. Although it is tiny, it still comes with powerful dual-core SoC and advanced 802.11ac 5GHz Wi-Fi to provide you a smooth wireless display experience. By keeping the USB type A connection, it can support both iOS and Android platforms and mirror over USB without any apps needed. It also supports "Split Screens Display", "Host Control System", touch reverse control over USB and USB HID to provide a more friendly and efficient environment for BYOD (Bring Your Own Devices) events you need!
